Chapter 2 Summary:

Chapter Two Summary

Awakening in my military base room after a harrowing encounter with Wyn the Soul Eater, I was flooded with disbelief that I had survived. The remnants of that terrifying night left me shaken, but I quickly rallied my spirits, showering and preparing to report to Lieutenant Mallory—a prospect that filled me with dread. The military life felt constricting, particularly in a facility where captured creatures were kept shackled and fear permeated the environment. I felt trapped in a path I had not chosen for myself.

Navigating the stark, windowless concrete hallways, I continued toward Mallory's office, cognizant of the grim atmosphere and the absence of comrades. Upon arrival, the gravity of my situation became clear: I was the sole survivor of the recent encounter with Wyn, a revelation that weighed heavily on my conscience. My new mission was daunting; I was tasked with gathering intelligence on Wyn, who had shown unusual interest in “the soldier who survived.”

Mallory's orders were straightforward yet alarming: I needed to confront Wyn and extract crucial information from him. Handed a data pad containing a list of questions I had to memorize within a minute, I steeled myself for the

encounter ahead. Entering Wyn's holding cell, a surge of panic gripped me at the thought of facing a creature renowned for its malevolence. To my surprise, Wyn greeted me calmly, as if aware of my dread, and he questioned whether I was perplexed by my continued existence.

Determined to fulfill the military's expectations, I initiated a conversation with Wyn about his selection of victims. His responses were cryptic and elusive, hinting at motives while deliberately withholding key details. In an unsettling twist, he redirected the conversation, provoking me to express my emotions about the slaying of my fellow soldiers.

I poured out my feelings of anger and disbelief over their deaths, which seemed to pique Wyn's curiosity, yet he maintained an unsettling distance in our exchange. In the midst of dread and oppression, I found a perplexing sense of calm as our dialogue progressed. Wyn concluded our meeting by instructing me to return the next day for more discussion, leaving me in a state of unease, questioning not only his interest in me but also the reasons behind my survival.

As I exited the holding cell, a lingering tension enveloped me. The chilling possibility that Wyn had chosen to spare my life for an unknown purpose weighed on my mind, sowing seeds of uncertainty about our next encounter.
